Re: Off-Site Rule Acceptability Determination
Kankakee River Metropolitan Agency
IL 0021784

Dear Mr. Simms:

This letter is in reply to your letter of October 12, 2006 to Mr. William Damico regarding the Kankakee River Metropolitan Agency request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that no relevant violations or releases currently exist at Kankakee River Metropolitan Agency. Therefore, Kankakee River Metropolitan Agency located at 1600 West Brookmont Blvd., Kankakee, Illinois is acceptable to receive wastewaters from CERCLA sites.

The acceptability determination is based on the assumption that only wastewaters which comply with the pre-treatment program of the Kankakee River Metropolitan Agency will be accepted. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Coordinator(s).

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely,

A handwritten signature in cursive script that reads "Joseph M. Boyle". The signature is written in dark ink and is positioned above the printed name and title.

Joseph M. Boyle, Chief
Enforcement and Compliance Assurance Branch
Waste, Pesticides and Toxics Division
